ABOUT ME

I'm Surya Shashank GNV, a Passionate Video Editor, VFX artist and 3D Modeling artist dedicated to creating visually striking and immersive experiences. With a strong foundation in Premiere Pro, Silhouette, After Effects, Maya, and Unreal Engine. I strive to push the boundaries of what's possible in 3D art, combining technical expertise with artistic vision. My work spans a techniques, allowing me to adapt to different creative challenges with ease.

I'm constantly exploring new tools, trends, and workflows to stay ahead in an ever-evolving digital landscape. Collaboration is at the heart of my process, and I enjoy bringing concepts to life alongside other creative minds. Whether it's crafting cinematic edits, effects or building detailed 3D environments, I approach every project with precision and passion. My ultimate goal is to leave a lasting impression through visuals that tell compelling stories and evoke emotion.
